

## Secure Lebanon's Brighter Future

Help us build a Peace Palace to generate coherence in collective consciousness and help bring peace and affluence

Dear friends,

Today, we are launching our campaign for the first ever Maharishi Peace Palace in the Arab region. We hope you will be as encouraged and inspired as we are.

### How did we start?

As you know, over twenty years ago, Maharishi began a campaign to build Peace Palaces in every city and every country of the world. This would provide homes for coherence and total knowledge to support the enlightenment of individuals and peace, prosperity, and invincibility for the nation. We have made some significant progress in arranging this for Lebanon.

16,500 square meters of pristine land on the outskirts of the village of Abey, 22Km southeast of Beirut, have been donated for this purpose. The serene surroundings and breathtaking views are ideal.

*"The Peace Palaces will provide total knowledge to raise the whole population to enlightenment. They will radiate peace throughout the world in the same way as a lighted lamp radiates light and eliminates darkness."*

~ Maharishi speaking at the Global News Conference on 22nd September 2004

## What is the plan?

This unique building of the Peace Palace of Lebanon has been designed according to Maharishi Sthapatya Veda principles: location, orientation and proportions of the building are in complete harmony with the Laws of Nature. Living and meditating in such a building aligns the individual mind with cosmic intelligence and enlivens the total power of Natural Law increasing coherence and preventing the rise of negativity.

This grand three-story Peace Palace will serve as a beacon of light for Lebanon and the region as a whole.

*"We choose to fondly call them Peace Palaces – a place where peace will reside in its fully awakened state, in order that no one any more lives in any kind of problem or suffering."*

~ Maharishi on 12th January 2004 inaugurating the Year of Peace Palaces

## Help us spread the message!

Given the dire economic-financial conditions prevailing in the country, the most precious contribution you can make presently is simply putting all our finest attention on the project and spreading the news to friends and contacts at large — individuals, corporations or foundations. Having attention on the project at the softest level of thinking enlivens the potential for the fulfillment of this most important idea at the level of Pure Consciousness, the level of the Unified Field of all the Laws of Nature, that most primal and powerful level of life from where everything manifests.

Around \$4 million are required to complete the project and every drop of contribution, however small, is extremely precious both to donors and to the project as a whole.

All details of the various ways to support the project are available on our website “Maharishi Peace Palace Lebanon” and which I urge you to lookup.

*The technique of receiving help from the surroundings is in our attitude of giving.  
If we want to receive the maximum at all times, we must have an attitude of giving.  
“If you want to receive, you must give” is a Law of Nature.*

~ Maharishi in Science of Being and Art of Living

Yours Sincerely,

Omar Hamza  
President, Peace Palace Association (PPA)
