

## Requirements to Advance to the Next Level

Dear friends,

With sincere delight and hope, we bring to you the most recent updates on the Maharishi Peace Palace project in Lebanon.

We have successfully completed the planning phase, which is the most fundamental and necessary step before beginning construction. Land acquisition, legal considerations, estimating construction costs, design plans, obtaining construction permission, identifying contractors, evaluating tenders, and designing a fundraising plan have all been part of the planning phase.

We are now entering a phase of the project that requires funding. To start the construction phase and hopefully complete it as soon as possible, we need your help to raise the necessary funds. As a first step in that direction, and in order for construction to begin and the foundation to be built, there is a need to raise a total of USD 450,000.

We have identified several fundraising methods to help us reach this goal:

- make a lump sum donation. This can be easily done on our website ([www.mpplebanon.org/donate](http://www.mpplebanon.org/donate))
- contribute any amount monthly until the Peace Palace is built. Monthly contributors will be eligible for discounts on future courses and room fees ([www.mpplebanon.org/donate](http://www.mpplebanon.org/donate))
- purchase one of the four suites as self-contained apartments. You can use the suite all year round as your permanent or part-time home ([www.mpplebanon.org/suites](http://www.mpplebanon.org/suites)).
- sponsor the construction of one of the six halls (main lobby and brahmasthan hall, small meeting, large meeting hall, program halls, and dining hall ([www.mpplebanon.org/facilities](http://www.mpplebanon.org/facilities)))

For any questions, please feel free to get in touch directly with us.

[DONATE](#)

Sincerely,

*Sophia Bitar*
